DELPHI CORPORATION, et al. NOTES TO MONTHLY OPERATING REPORT

1. Background and Organization

General – Delphi Corporation ("Delphi" or the "Company") is a world-leading supplier of vehicle electronics, transportation components, integrated systems and modules, and other electronic technology.

Chapter 11 Reorganization Cases – On October 8, 2005, Delphi and certain of its United States ("U.S.") subsidiaries (the "Initial Filers") filed voluntary petitions for relief under chapter 11 of the United States Bankruptcy Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the Southern District of New York (the "Court"), and on October 14, 2005, three additional U.S. subsidiaries of Delphi (collectively with the Initial Filers, the "Debtors") filed voluntary petitions for relief under the Bankruptcy Code (the Debtors' October 8, 2005 and October 14, 2005 filings are referred to herein collectively as the "Chapter 11 Filings"). See the second page of this report for a listing of the Debtors and case number information. The Debtors will continue to operate their businesses as "debtors-in-possession" under the jurisdiction of the Court and in accordance with the applicable provisions of the Bankruptcy Code and orders of the Court. Delphi's non-U.S. subsidiaries were not included in the Chapter 11 Filings and will continue their business operations without supervision from U.S. courts. On October 17, 2005 the Office of the United States Trustee for the Southern District of New York appointed a statutory committee of unsecured creditors. The composition of the creditors' committee was subsequently changed. On March 22, 2006, the Court granted a motion to create an equity committee to represent the interests of Delphi's stock owners and on April 28, 2006, the U.S. Trustee appointed a committee of equity security holders in these chapter 11 cases. The equity committee's composition was also later changed.

On January 20, 2006, the Debtors filed with the Court the Schedules of Assets and Liabilities and Statements of Financial Affairs (the "Schedules and Statements"), as required by the Bankruptcy Code. Subsequently, on February 1, 2006 and April 18, 2006, the Debtors filed certain amendments to the Schedules and Statements.

On February 3, 2006, the United States Trustee convened a meeting of creditors of Delphi pursuant to section 341 of the Bankruptcy Code. A section 341 meeting is a statutorily mandated meeting of creditors, presided over by the United States Trustee, at which a debtor's representatives appear and all creditors of the debtor are entitled to attend. At the conclusion of the section 341 meeting, the United States Trustee closed the meeting.

On April 12, 2006, the Court established a bar date of July 31, 2006 for filing proofs of claim against the Debtors' estates.

On December 18, 2006, the Debtors accepted a proposal for an equity purchase and commitment agreement (the "EPCA") with affiliates of Appaloosa Management L.P., Cerberus Capital Management, L.P., and Harbinger Capital Partners Master Fund I, Ltd., as well as Merrill Lynch & Co. and UBS Securities LLC (collectively, the "Plan Investors"). Under the EPCA, the Plan Investors agreed to invest up to \$3.4 billion in preferred and common equity in the reorganized Delphi to support the Debtors' transformation plan and its Plan Framework Support Agreement (see definition below). The EPCA is subject to the completion of due diligence, satisfaction or waiver of numerous other conditions (including Delphi's achievement of consensual agreements with its U.S. labor unions and GM), and the non-exercise by either Delphi or the Plan Investors of certain termination rights.

Also on December 18, 2006, the Company entered into a plan framework support agreement (the "PSA") with the Plan Investors and GM. The PSA outlines certain proposed terms of the Debtors' anticipated plan of reorganization, including the distributions to be made to creditors and shareholders, the treatment of GM's claims, the resolution of certain pension funding issues, and the corporate governance of the reorganized Debtors. The PSA as well as the economics and structure of the plan framework itself are expressly conditioned on the Debtors' reaching consensual agreements with their U.S. labor unions and GM.

Contemporaneously with the issuance of these announcements on December 18, 2006, the Debtors sought authorization and approval of the EPCA and the PSA. On January 12, 2007, the Court entered an order authorizing the Company to execute, deliver, and implement the agreements.

On February 28, 2007, the Debtors announced that they and the Plan Investors had entered into an amendment to the EPCA, to extend the date by which the Company, the affiliate of Cerberus Capital Management, L.P. or the affiliate of Appaloosa Management L.P. have the right to terminate the EPCA on account of not having completed tentative labor agreements with Delphi's principal U.S. labor unions and a consensual settlement of legacy issues with GM. The amendment provides that the day-to-day right to terminate will continue beyond February 28, 2007 through a future date to be established pursuant to a 14-day notice mechanism in the amendment. The amendment

DELPHI CORPORATION, et al. NOTES TO MONTHLY OPERATING REPORT

also extends the deadline to make certain regulatory filings under the federal antitrust laws in connection with the framework transaction. On April 19, 2007, Delphi announced that the Debtors anticipated negotiating changes to the Equity Purchase and Commitment Agreement and the Plan Framework Support Agreement. None of the parties entitled to give notice of termination of the framework agreements had done so as of April 19, 2007 and that these agreements remain effective as previously filed until modified or terminated.

2. Basis of Presentation

Condensed Combined Debtor-in-Possession Financial Statements – The financial statements and supplemental information contained herein are unaudited, preliminary and may not comply with generally accepted accounting principles in the United States of America ("U.S. GAAP"), in all material respects. In addition, the financial statements and supplemental information contained herein represent the condensed combined financial information for the Debtors only. Delphi's non-Debtor subsidiaries are treated as non-consolidated affiliates in the attached financial statements and as such, their net income (loss) is included as "Equity income from non-Debtor affiliates, net of tax" in the statement of operations and their net assets are included as "Investments in non-Debtor affiliates" in the balance sheet.

American Institute of Certified Public Accountants Statement of Position 90-7, "Financial Reporting by Entities in Reorganization under the Bankruptcy Code" ("SOP 90-7"), which is applicable to companies in chapter 11, generally does not change the manner in which financial statements are prepared. It does require, however, that the financial statements for periods subsequent to the filing of the chapter 11 petition distinguish transactions and events that are directly associated with the reorganization from the ongoing operations of the business. The Debtors' financial statements contained herein have been prepared in accordance with the guidance in SOP 90-7.

The unaudited combined financial statements have been derived from the books and records of the Debtors. This information, however, has not been subject to procedures that would typically be applied to financial information presented in accordance with U.S. GAAP, and upon the application of such procedures (such as tests for asset impairment), the Debtors believe that the financial information could be subject to changes, and these changes could be material. The information furnished in this report includes primarily normal recurring adjustments but does not include all of the adjustments that would typically be made for quarterly financial statements in accordance with U.S. GAAP. In addition, certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. Therefore, this report should be read in conjunction with our consolidated financial statements and notes thereto included in our 2006 Annual Report on Form 10-K that was filed with the United States Securities and Exchange Commission.

The results of operations contained herein are not necessarily indicative of results which may be expected from any other period or for the full year and may not necessarily reflect the consolidated results of operations, financial position and cash flows of the Debtors in the future.

Intercompany Transactions – Intercompany transactions between Debtors have been eliminated in the financial statements contained herein. Intercompany transactions with the Debtors' non-Debtor affiliates have not been eliminated in the financial statements and are reflected as intercompany receivables, loans, investments, and payables.

General Motors and Affiliates – Includes activity with General Motors Corporation ("GM") and its consolidated subsidiaries. Activity with GM's non-consolidated affiliates (such as GM Shanghai) and activity with other Tier 1 suppliers who sell directly to GM is classified as other (non-GM) customer activity.

Restricted Cash – Primarily includes balances restricted for use for the pre-retirement portion of the special attrition program.

Property – Includes property, plant, and equipment and is recorded at cost net of accumulated depreciation.

Contractual Interest Expense – Contractual interest expense represents amounts due under the contractual terms of outstanding debt during the month, including unsecured debt subject to compromise for which interest expense is not recognized in the income statement in accordance with the provisions of SOP 90-7.

Taxes – Delphi accounts for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes," and recognizes current and deferred income tax assets and liabilities based upon all events that have been recognized

DELPHI CORPORATION, et al. NOTES TO MONTHLY OPERATING REPORT

in the consolidated financial statements as measured by the enacted tax laws. Due to the Company's history of U.S. losses over the past years, combined with the deterioration in its current U.S. operating outlook, during the fourth quarter of 2004, Delphi established a 100% valuation allowance against its U.S. deferred tax assets. As a result, Delphi discontinued recognizing income tax benefits for net operating losses incurred in periods subsequent to December 31, 2004 and continues to record a 100% valuation allowance against all U.S. deferred tax assets.

The Debtors have received authorization, but not direction, to pay sales, use, trust fund, and certain other taxes in the normal course. Accordingly, the Debtors have paid the applicable taxes when due. See the schedules of payroll and other taxes paid for additional information regarding taxes paid.

Other Postretirement Benefit (Payments) Receipts, Net of Reimbursement by GM – As previously disclosed, as part of the special attrition program certain eligible Delphi U.S. hourly employees represented by the International Union, United Automobile, Aerospace and Agricultural Implement Workers of America (the "UAW") and the International Union of Electronic, Electrical, Salaried, Machine and Furniture Workers, Industrial Division of the Communication Workers of America, AFL-CIO, CLC (the "IUE-CWA") were eligible to retire as employees of Delphi or flow back to GM and retire. During 2006, approximately 10,000 employees elected to flow back to GM and retire. Although GM agreed to assume the postretirement healthcare and life insurance coverages for these retirees, due to the volume of retirements, GM was unable to immediately transition these retirees to GM healthcare and life insurance plans. Delphi agreed to administer health and life insurance coverages for these retirees during the transition period and GM agreed to reimburse Delphi for its actual costs for providing such coverages. As of March 31, 2007, Delphi's receivable from GM for these costs was \$12 million.

Pension Contributions – On April 12, 2007, Delphi contributed approximately \$50 million to its U.S. defined benefit pension plans. The amount contributed represents the portion of the pension contribution attributable to services rendered by employees of the Debtors in the first quarter of 2007. Under the Employee Retirement Income Security Act and the Internal Revenue Code, a minimum funding payment of approximately \$396 million to the U.S. pension plans was due on April 13, 2007. As permitted under chapter 11 of the Bankruptcy Code, however, Delphi contributed only the portion of the contribution attributable to postpetition service. The unpaid portion of the minimum funding payments remains payable as a claim against Delphi and will be determined in Delphi's plan of reorganization with other claims. Delphi has appointed an independent fiduciary for all of its tax qualified defined benefit pension plans who is charged with pursuing claims on behalf of the plans to recover minimum funding contribution.

3. Debtor-in-Possession ("DIP") Financing

On January 5, 2007, the Court granted Delphi's motion to obtain replacement post-petition financing of approximately \$4.5 billion to refinance both its \$2.0 billion Amended and Restated Revolving Credit, Term Loan and Guaranty Agreement, dated November 21, 2005 (the "Amended DIP Credit Facility"), and the approximate \$2.5 billion outstanding on its \$2.825 billion Five Year Third Amended and Restated Credit Agreement, dated as of June 14, 2005 (as amended, the "Prepetition Facility").

On January 9, 2007, Delphi entered into a Revolving Credit, Term Loan, and Guaranty Agreement (the "Refinanced DIP Credit Facility") to borrow up to approximately \$4.5 billion from a syndicate of lenders. The Refinanced DIP Credit Facility consists of a \$1.75 billion first priority revolving credit facility ("Tranche A" or the "Revolving Facility"), a \$250 million first priority term loan ("Tranche B" or the "Tranche B Term Loan" and, together with the Revolving Facility, the "First Priority Facilities"), and an approximate \$2.5 billion second priority term loan ("Tranche C" or the "Tranche C Term Loan").

The Refinanced DIP Credit Facility carries an interest rate at Delphi's option of either the Administrative Agent's Alternate Base Rate plus (i) with respect to Tranche A borrowings, 1.50%, (ii) with respect to Tranche B borrowings, 1.25%, and (iii) with respect to Tranche C borrowings, 1.75%, or LIBOR plus (x) with respect to Tranche A borrowings, 2.50%, (y) with respect to Tranche B borrowings, 2.25%, and (z) with respect to Tranche C borrowings, 2.75%. The interest rate period can be set at a two-week or one-, three-, or six-month period as selected by Delphi in accordance with the terms of the Refinanced DIP Credit Facility. Accordingly, the interest rate will fluctuate based on the movement of the Alternate Base Rate or LIBOR through the term of the Refinanced DIP Credit Facility. The Refinanced DIP Credit Facility will expire on the earlier of December 31, 2007 and the date of the substantial consummation of a reorganization plan that is confirmed pursuant to an order of the U.S. Bankruptcy Court. Borrowings under the Refinanced DIP Credit Facility are prepayable at Delphi's option without premium or penalty.

DELPHI CORPORATION, et al. NOTES TO MONTHLY OPERATING REPORT

The Refinanced DIP Credit Facility provides the lenders with a perfected first lien (with the relative priority of each tranche as set forth above) on substantially all material tangible and intangible assets of Delphi and its whollyowned domestic subsidiaries (however, Delphi is only pledging 65% of the stock of its first tier foreign subsidiaries to the extent that, in its reasonable business judgment, adverse tax consequences would result) and further provides that amounts borrowed under the Refinanced DIP Credit Facility will be guaranteed by substantially all of Delphi's affiliated Debtors, each as debtor and debtor-in-possession.

The amount outstanding at any one time under the First Priority Facilities is limited by a borrowing base computation as described in the Refinanced DIP Credit Facility. The borrowing base computation fell short of the Refinanced DIP Credit Facility commitment on March 31, 2007. Borrowing base standards may be fixed and revised from time to time by the Administrative Agent in its reasonable discretion, with any changes in such standards to be effective 10 days after delivery of a written notice thereof to Delphi (or immediately, without prior written notice, during the continuance of an event of default).

The Refinanced DIP Credit Facility includes affirmative, negative and financial covenants that impose restrictions on Delphi's financial and business operations, including Delphi's ability to, among other things, incur or secure other debt, make investments, sell assets and pay dividends or repurchase stock. So long as the Facility Availability Amount (as defined in the Refinanced DIP Credit Facility) is equal to or greater than \$500 million, compliance with the restrictions on investments, mergers and disposition of assets do not apply (except in respect of investments in, and dispositions to, direct or indirect domestic subsidiaries of Delphi that are not guarantors).

The covenants require Delphi to, among other things, maintain a rolling 12-month cumulative Global EBITDAR for Delphi and its direct and indirect subsidiaries, on a consolidated basis, beginning on December 31, 2006 and ending on November 30, 2007 at the levels set forth in the Refinanced DIP Credit Facility.

The Refinanced DIP Credit Facility contains certain defaults and events of default customary for debtor-in-possession financings of this type. Upon the occurrence and during the continuance of any default in payment of principal, interest or other amounts due under the Refinanced DIP Credit Facility, interest on all outstanding amounts is payable on demand at 2% above the then applicable rate.

Also on January 9, 2007 both the \$250 million Tranche B Term Loan and the \$2.5 billion Tranche C Term Loan were funded and the proceeds were used to extinguish amounts outstanding under the Amended DIP Credit Facility and the Prepetition Facility. Delphi incurred no early termination penalties in connection with the termination of these agreements. However, the composition of the syndicate of lenders for the Refinanced DIP Credit Facility changed substantially as compared to those for the Amended DIP Credit Facility and the Prepetition Facility. As a result, Delphi expensed approximately \$25 million of unamortized debt issuance and discount costs related to the Amended DIP Credit Facility and Prepetition Facility in the first quarter of 2007, of which \$23 million was recognized as loss on extinguishment of debt and \$2 million was recognized as interest expense. The Company elected to pay interest on the Tranche B Term Loan at LIBOR plus 2.25% for a three-month period and on the Tranche C Term Loan at LIBOR plus 2.75% for a three-month period. As of March 31, 2007, there was \$327 million outstanding under the Revolving Facility and the Company had approximately \$97 million in letters of credit outstanding under the Revolving Facility as of that date.

On March 29, 2007, Delphi entered into the First Amendment to the Refinanced DIP Credit Facility (the "First Amendment"). The First Amendment provides for an amended definition of "Global EBITDAR", the addition of a two-week LIBOR interest election option and amended monthly Global EBITDAR covenant levels. The amended definition of Global EBITDAR eliminates cash payment limits with respect to restructuring costs from the definition.

DELPHI CORPORATION, et al. NOTES TO MONTHLY OPERATING REPORT

4. Reorganization Items

SOP 90-7 requires reorganization items such as realized gains and losses from the settlement of prepetition liabilities, provisions for losses resulting from the reorganization and restructuring of the business, as well as professional fees directly related to the process of reorganizing the Debtors under chapter 11, to be separately disclosed. The Debtors' reorganization items consist of the following:

	Month Ended March 31, 2007		Year to Date January 1 to March 31, 2007	
		(in	million	s)
Professional fees directly related to reorganization	\$	(10)	\$	(43)
Interest income		4		12
Total Reorganization Items	\$	<u>(6</u>)	\$	(31)

Professional fees directly related to the reorganization ("Professional Fees") include fees and reimbursable expenses associated with advisors to the Debtors, the official committee of unsecured creditors, the official committee of equity holders, the agents to the Debtors' debtor-in-possession credit facility and prepetition credit facility (for fees and expenses incurred on or prior to the effective date of the refinancing), and the unions. Professional Fees also include less than \$1 million for the month ended March 31, 2007 and \$2 million year to date of fees for certain legal advisors to GM. Professional Fees for the month ended March 31, 2007 were estimated by the Debtors and will be reconciled to actual invoices when received.

5. Liabilities Subject to Compromise

As a result of the Chapter 11 Filings, the payment of prepetition indebtedness is subject to compromise or other treatment under a plan of reorganization. Generally, actions to enforce or otherwise effect payment of pre-chapter 11 liabilities are stayed. Although prepetition claims are generally stayed, at hearings held in mid October 2005 and November 2005, the Court granted final approval of the Debtors' "first day" motions generally designed to stabilize the Debtors' operations and covering, among other things, human capital obligations, supplier relations, customer relations, business operations, tax matters, cash management, utilities, case management, and retention of professionals.

The Debtors have been paying and intend to continue to pay undisputed postpetition claims in the ordinary course of business. In addition, the Debtors may reject prepetition executory contracts and unexpired leases with respect to the Debtors' operations with the approval of the Court. Damages resulting from rejection of executory contracts and unexpired leases are treated as general unsecured claims and will be classified as liabilities subject to compromise. On April 12, 2006, the Court entered an order establishing July 31, 2006 as the bar date by which claims against the Debtors arising prior to the Debtors' Chapter 11 Filings were required to be filed if the claimants were to receive any distribution in the chapter 11 cases. The Debtors notified (including by publication notice) all known actual and potential creditors of the bar date and the required procedures with respect to the filing of proofs of claim with the Court. Any differences between claim amounts listed by the Debtors in their Schedules of Assets and Liabilities (as amended) and claims filed by creditors are being investigated and, if necessary, the Court will make the final determination as to the amount, nature, and validity of claims.

The Debtors have received approximately 16,600 proofs of claim, some of which assert, in part or in whole, unliquidated claims. In addition, the Debtors have compared proofs of claim they have received to liabilities they have already scheduled and determined that there are certain scheduled liabilities for which no proof of claim was filed. In the aggregate, total proofs of claim and scheduled liabilities assert approximately \$37 billion in liquidated amounts, including approximately \$900 million in intercompany claims, and additional unliquidated amounts. Although the Debtors have not completed the process of reconciling these proofs of claim and thus the ultimate amount of such liabilities is not determinable at this time, the Debtors believe that the aggregate amount of claims filed is likely to exceed the amount that will ultimately be allowed by the Court. As of April 10, 2007, the Debtors have objected to approximately 11,400 proofs of claim which asserted approximately \$9 billion in aggregate liquidated amounts plus additional unliquidated amounts. The Court has entered orders disallowing approximately 8,700 of those proofs of claim, which orders reduced the amount of asserted claims by approximately \$9 billion in aggregate liquidated amounts plus additional unliquidated amounts. The Debtors anticipate that additional proofs of claim will be the subject of future objections as such proofs of claim are reconciled. Nonetheless, the determination of how liabilities will ultimately be settled and treated cannot be made until the Court approves a chapter 11 plan of

reorganization. Classification for purposes of these financial statements of any prepetition liabilities on any basis other than liabilities subject to compromise is not an admission against interest or legal conclusion by the Debtors as to the manner of classification, treatment, allowance, or payment in the Debtors' chapter 11 cases, including in connection with any plan of reorganization that may be confirmed by the Court and that may become effective pursuant to an order of the Court.

SOP 90-7 requires prepetition liabilities that are subject to compromise to be reported at the amounts expected to be allowed, even if they may be settled for lesser amounts. The amounts currently classified as liabilities subject to compromise may be subject to future adjustments depending on Court actions, further developments with respect to disputed claims, determinations of the secured status of certain claims, the values of any collateral securing such claims, or other events. Liabilities subject to compromise consist of the following:

- Note 1: The amounts listed above for tax due and tax paid include postpetition taxes and only those prepetition taxes for which the Debtors have received Court authorization to pay. Accordingly, certain prepetition taxes (primarily on real and personal property) that the Debtors do not have authority to pay are not included in the schedule above. Such prepetition taxes are included in the balance sheet as part of "Liabilities Subject to Compromise."
- Note 2: Certain Debtors also pay transaction taxes such as value added tax ("VAT") to certain foreign countries based upon the purchase or supply of goods or services within the country and the importation of goods into the country from outside the country. For the purchase of goods or services in certain foreign countries, VAT may either be collected by the supplier from the Debtors or paid directly by the Debtors through self-assessment. For the supply of goods or services in certain foreign countries, the Debtors may collect VAT from the customers and remit the tax to the foreign governments. Upon importation in certain countries, VAT may be paid by the Debtors. In most cases, VAT is recoverable either as an input VAT credit or as a refund. The process of calculating VAT owed or refundable is a complex process of netting VAT paid, collected, and remitted. To the best of the Company's knowledge, all VAT has been paid and is being paid when due. In addition, certain Debtors incur foreign withholding taxes on certain payments from various foreign non-Debtor affiliates. These foreign withholding taxes generally apply to interest, royalties, dividends, and service payments received from certain foreign non-Debtor affiliates. The foreign tax authorities on behalf of the Debtors. To the best of the Company's knowledge, all foreign withholding taxes have been withheld by the foreign non-Debtor facilitates when required to be withheld and paid over to the appropriate foreign tax authorities when due. These foreign tax payments have not been included in the schedule above.
